PROFESSIONAL SUMMARY

Results-driven marketing and growth executive with 25 years of experience scaling B2B and B2C businesses across the U.S., Latin America, and Europe. Proven ability to build and lead revenue-generating functions from scratch — demand generation, brand strategy, sales enablement, RevOps, and go-to-market execution — with deep domain expertise in tech, EdTech, HR/staffing, and telecom. AI-proficient leader pursuing an MBA in AI & Digital Transformation at USP, applying AI tools and frameworks to accelerate marketing performance and data-driven decision-making. Track record of measurable outcomes: US\$1M+ in new contracted revenue and a global business unit built from scratch at Dev.Pro, 40% YoY qualified lead growth at Ubiminds, P&L ownership for a 40-school network serving 2,000+ students, and continental-scope budget ownership at a Fortune Global telecom. Trilingual (English · Spanish · Portuguese) and experienced working with U.S.-based founders, boards, and enterprise clients as a remote executive.

CORE COMPETENCIES

Go-to-Market Strategy · Demand Generation & Pipeline Growth · Revenue Operations (RevOps) · Brand Positioning & Messaging · B2B Sales Enablement · Product Marketing · AI-Powered Marketing & Automation · Digital Marketing & SEO/SEM · Cross-functional Team Leadership · P&L Ownership & Budget Management · Global Talent & Outstaffing Strategy · LatAm & U.S. Market Expansion

PROFESSIONAL EXPERIENCE

Head of Outstaffing / Global Business Unit Leader

Dev.Pro · São Paulo, Brazil (Remote) | May 2025 – Jul 2026

- Owned full P&L, go-to-market, and commercial strategy for Dev.Pro's global staff augmentation business unit, connecting Latin American engineering talent with U.S. enterprise demand.
- Rebuilt the unit's growth around new-logo acquisition: 9 new enterprise clients and a 30%+ larger active contractor base in the first year, adding US\$1M+ in new annualized contracted revenue.
- Signed new business at margin rates ~20% above the inherited portfolio, and expanded 2 of the 9 new accounts within their first 2 months through an active customer success motion.
- Built the business unit from scratch — hired an 11-person team across Recruitment, Sales, and Customer Success.
- Developed GTM positioning and messaging that differentiated Dev.Pro on delivery outcomes and domain fit rather than rate-card arbitrage; applied AI tooling to ICP buying-signal detection and sourcing/matching workflows.
- Owned the full RFP response process for enterprise pursuits, including the Gates Medical Research Institute.

Role concluded when Dev.Pro discontinued the staff augmentation business unit to concentrate on its core software-project development business.

Director of Programming

Born Global Community (501c3 Nonprofit) · Remote | Feb 2025 – Present

- Shape programming strategy for a nonprofit focused on connecting diverse entrepreneurs and global investors with innovation ecosystems.
- Lead thought leadership, educational programs, and community-building initiatives targeting startup founders and venture investors.

Growth Director – North America (CMO-level scope)

Ubiminds · Austin, TX (Remote) | Aug 2023 – Apr 2025

- Led full go-to-market strategy, demand generation, and sales enablement for a B2B staff augmentation company expanding in the U.S. market.
- Grew qualified inbound leads by 40% YoY through multi-channel campaigns targeting CTOs, VPs of Engineering, and technical decision-makers.
- Built and led a cross-functional team spanning marketing, SDR, events, and growth — operating across U.S. and LatAm time zones.
- Represented the company at SXSW, FETC, EdTech Week NY, and eMerge Americas; on the founding team for Connecting the Americas (owned event property, 2024).
- Developed account-based marketing (ABM) sequences and sales collateral that shortened sales cycles and improved pipeline quality.
- Applied AI-assisted content and analytics tools to scale campaign output and accelerate reporting cycles.

Executive Director – Brazil & Sales/Marketing U.S. (P&L Owner)

Centric Learning (WAY American School) · São Paulo & USA | Apr 2018 – Apr 2023

- Dual mandate: full P&L ownership of the Brazilian subsidiary and commercial leadership for U.S. market expansion into Texas and Florida.
- Managed all commercial, marketing, legal, and financial operations with direct accountability to U.S. founders.
- Scaled the partner network from 14 to ~40 schools in Year 1; enrolled student base grew from 400 to 950 in 8 months in 2019. Served 2,000+ students across Brazil over the full tenure.
- Increased student satisfaction scores and SAT outcomes alongside sustained revenue growth — WAY students consistently scored above the U.S. national SAT average, with 100% acceptance across 39 international university applications in 2021–2022.
- Led U.S. sales and marketing with a focus on new market entry in Texas and Florida in 2022.

International Education Consultant

Cognia · São Paulo (Contract) | 2019 – 2022

- Evaluated international schools across Latin America for accreditation, collaborating with specialists to ensure quality standards and produce improvement roadmaps.

Head of Marketing – Higher Education

SOMOS Educação · São Paulo | Jul 2016 – Oct 2017

- Managed marketing for Higher and Technical Education brands including Editora Saraiva, Editora Érica, and Benvirá — overseeing online, retail, events, and media planning.
- Launched Saraiva Aprova, the first adaptive bar-exam prep platform in Brazil, incorporating machine learning and gamification — reaching 1,000 students at launch and hitting the 12-month enrollment target in under 6 months.

Head of Digital Marketing

Laureate International Universities · São Paulo | Jul 2012 – Jun 2016

- Implemented digital marketing strategy and infrastructure across 10 higher education institutions in Brazil, from Manaus to Porto Alegre.
- Spearheaded the digital launch of EAD Laureate (national distance learning), owning website, lead generation tools, and marketing automation via RD Station.
- Managed a multi-million dollar online media buying strategy across the full institution portfolio.
- Built real-time analytics infrastructure enabling agile campaign optimization across the full funnel.

Sr. LATAM Strategic Planning Manager

Telefónica Internacional · São Paulo (HQ Report: Madrid) | May 2009 – Jan 2012

- First management role: led strategic and financial planning for five Telefónica fixed-line operations across Latin America, owning the network operations budget for the whole region under direct HQ supervision in Madrid.
- Directed a multi-country tower-sale negotiation across Peru (543 towers) and Chile (250 towers), structured as a sale-and-leaseback with international infrastructure bidders — including NPV modeling on 10–15 year rental terms.
- Built integrated planning tools that accelerated technology adoption across regional operations.
- Coordinated regional commercial agreements that closed budget gaps and generated immediate additional revenue for 2009.

Senior Product Consultant

Terra Networks Brasil · São Paulo | Jul 2004 – May 2009

- Led new product development from business plan through implementation; delivered a 2% net margin increase through new provisioning mechanisms that enabled full financial visibility across the business unit.
- Served concurrently as Global Accounts Marketing Coordinator at Telefónica USA (Miami, Mar–Sep 2007) — first experience living abroad: achieved 10–15% improvement in prospect conversion rates by overhauling sales collateral; coordinated Telefónica's 5th Annual Leadership Conference (300+ C-level attendees, Fortune 500 clients).

EDUCATION

MBA in AI & Digital Transformation (In Progress) – Universidade de São Paulo (USP), Brazil (Jun 2026 – Oct 2027)

Master's in Telecommunications Business Management – Universitat Politècnica de Catalunya – Barcelona Tech, Spain (2010–2011). Full scholarship (Universitas Telefónica).

Executive MBA (Full-Time International) – ESIC Business & Marketing School, Spain (2007–2008). Full scholarship via Fundación Carolina (competitive, merit-based selection).

MBA in E-Business – ESPM, Brazil (2001–2003)

BA in Multimedia Communications – Universidade Metodista de São Paulo, Brazil (1997–2000)
